Message from Chairman

Dear All,

I am pleased to present this report, reflecting on our organization's achievements and the progress we have made together during 2023-24. The year has been one of the best years in terms of total turnover and net profitability which was to the tune of ₹ 5968.96 crores and ₹182.25 crores respectively.

In 2023-24, we have reached significant milestones that highlight the strength of our cooperative model. Our initiatives in distribution of essential commodities under Price Stabilization Fund (PSF), Price Support Scheme (PSS), Import-Export, and Bharat Brand products etc. have not only enhanced our operations but have also deepened our impact within the communities we serve.

The challenges we faced this year, tested our resolve but also provided us with opportunities for growth and learning. Through our collective efforts, we adapted and emerged stronger, demonstrating the power of cooperation and solidarity among our members.

I extend my heartfelt thanks to Hon'ble Minister of Home and Cooperation Shri Amit Shah Ji, Hon'ble Ministers of Consumer Affairs, Food & Public Distribution – Shri Piyush Goyal ji, Shri Ashwini Kumar Chaubey, Sadhvi Niranjana Jyoti, Board members, our dedicated staff and our valued members for their unwavering support in serving the consumers of the country.

With cooperative greetings.

VISHAL SINGH

Message from Managing Director

A Year of Growth, Resilience, and Impact: Managing Director's Message

As we reflect on the past year (2023-24), a deep sense of accomplishment fills me. The year presented opportunities alongside challenges, and I'm excited to share highlights that exemplify our unwavering commitment to excellence and growth.

Expanding Our Offerings and Impact

We achieved significant progress in distributing Bharat Brand Commodities. This year saw the successful expansion of our product portfolio with the procurement of new commodities like soybean and groundnut under PSS in addition to procurement of pulses and onion under and PSF scheme. We also ventured into import-export of rice and maize, alongside initiatives like selling onions and tomatoes at subsidized prices to consumers. These efforts, combined with our existing businesses, not only advance our mission but also strengthen the positive impact we have on the communities we serve.

Empowering Farmers and Ensuring Quality

Recognizing the vital role of farmers in stabilizing markets for the benefit of consumers, we prioritized farmer outreach programs and seed distribution. We further strengthened our partnership through buy-back agreements, empowering them and improving their livelihoods. This, coupled with our commitment to fair practices and transparency through our website, Esamyukti.in, ensures smooth operations throughout the supply chain.

Building a Stronger Team and Reaching Wider Customer base

We strategically welcomed a wave of fresh talent, whose innovative ideas and energy have significantly enhanced our operations. We have signed MoUs with DAY-NRLM (Deen Dayal Upadhyaya National Rural Livelihood Mission) and NERAMAC (North Eastern Region Agri Marketing Corporation Limited) & NRDC (National Rural Development Council). This expansion has allowed us to work more efficiently and effectively, facilitating

the achievement of our goals with greater ease. We also expanded our reach by partnering with leading e-commerce brands, making our products more accessible to consumers across the length and breadth of the country.

A Shared Success Story

The Ministry of Consumer Affairs, Food and Public Distribution, Ministry of Agriculture & Farmers welfare and Ministry of Cooperation has been a source of invaluable support and appreciation throughout this journey. I extend my heartfelt gratitude to our esteemed Chairman, Board Members, colleagues, stakeholders, farmers, and consumers. Their unwavering support and trust have been the cornerstone of our success. Together, we confidently look forward to another year of growth, collaboration, and even greater milestones.

Sahakar Se Samriddhi

Ministry of Cooperation | सहकारिता मंत्रालय
Government of India | भारत सरकार

The Union Ministry of Cooperation is a ministry under the Government of India which was formed in July 2021. The ministry provides a separate administrative, legal and policy framework for strengthening the cooperative movement in the country. The ministry's creation was announced on 6 July 2021 along with its vision statement of "Sahakar se samriddhi". Before the creation of this ministry, the objectives of this ministry were being looked after by the Ministry of Agriculture.

The Ministry works for strengthening co-operatives at the grassroots level, to streamline processes for 'Ease of doing business' for co-operatives and enabling the development of Multi-State Co-operatives (MSCS). The same was initially announced by Finance Minister Nirmala Sitharaman while presenting the 2021 Union budget. The ministry was created with objectives of:

- Realization of the vision of "Sahakar se Samriddhi" (prosperity through cooperation).
- To streamline processes for "Ease of doing business" for co-operatives and enable development of Multi-State Co-operatives (MSCS)
- To provide a separate administrative, legal and policy framework for strengthening the cooperative movements in the country.
- To deepen the cooperative as a true people-based movement reaching up to the grassroots level.

Government aims to achieve overall prosperity in the country through the mantra of "Sahakar Se Samriddhi". It is proposed to strengthen cooperatives by bringing transparency, modernization, and creating competitive endeavour. In order to achieve this, Government is formulating a new National Cooperation Policy, for which initiative has been taken in consultations with various stakeholders including various Ministries/Departments of Central Governments, State Governments, Cooperative Federations, NABARD and other major cooperative institutions of the country.

The "Sahakar se Samriddhi" scheme is an initiative launched by the Government of India aimed at promoting cooperative societies and enhancing their role in economic development.

The scheme focuses on:

1. **Strengthening Cooperatives:** Providing support to cooperative societies to make them more viable and efficient.
2. **Financial Assistance:** Offering financial aid and resources to help these societies to improve their operations and expand their services.
3. **Skill Development:** Facilitating training programs to enhance the skills of members involved in cooperatives, thereby increasing productivity and profitability.
4. **Community Empowerment:** Encouraging community participation and ownership, which can lead to better livelihoods for members and overall economic growth.

The initiative aims to create a robust cooperative sector that can contribute significantly to the rural economy and improve the standard of living for its members

Consumer Cooperatives in India

Consumer cooperatives in India are organizations formed by groups of consumers to meet their collective needs for goods and services. These cooperatives aim to provide members with quality products at fair prices while promoting ethical trading practices.

The Indian Govt. supports consumer cooperatives through policies, financial assistance, and capacity-building programs to enhance their functioning and reach. In summary, consumer cooperatives in India serve as a valuable alternative to traditional retail, promoting fair pricing, quality assurance and community welfare.

Consumer cooperatives play an important role in India by:

- **Providing consumer goods at reasonable rates**
Consumer cooperatives are playing key role in the public distribution system, providing essential goods to the public at a lower rate than the open market.
- **Helping the poor and downtrodden**
Consumer cooperatives provide food and other essential items at subsidized rates to the poor and downtrodden.
- **Creating jobs and promoting competition**
Consumer cooperatives positively impact the local economy by creating jobs and promoting market competition.
- **Giving members more control**
Since members own and control the cooperative, they can influence operations and ensure the group serves efficiently as per their needs.
Consumer cooperatives are democratically managed enterprises that engage in retailing, wholesaling, and sometimes consumer goods production. They have originated from the need of people who could no longer grow their own food or access goods and services from local businesses.

Department of Consumer Affairs (DoCA)

उपभोक्ता मामले, खाद्य एवं सार्वजनिक वितरण मंत्रालय MINISTRY OF CONSUMER AFFAIRS, FOOD & PUBLIC DISTRIBUTION

Department of Consumer Affairs is one of the two Departments under the Ministry of Consumer Affairs, Food & Public Distribution. It was constituted as a separate Department in June 1997 as it was considered necessary to have a separate Department to give a fillip to the nascent consumer movement in the country.

Vision

To enable consumers to make informed choices; ensure fair, equitable and consistent outcomes for consumers; and facilitate timely and effective grievance redressal.

Mission

To empower consumers through awareness and education; enhance consumer protection and safety through progressive legislations and prevention of unfair trade practices; enable quality and quantity assurance through standards and their conformance; and ensure access to affordable and effective grievance redressal mechanisms.

1. PRICE MONITORING DIVISION (PMD)

Price Monitoring Division oversees the implementation of two central sector schemes namely, Price Monitoring Cell (PMC) and Price Stabilization Fund (PSF). Under Price Monitoring Cell, this department collects the daily retail and wholesale prices of 22 essential commodities from 550 price reporting centers through mobile app viz. Price Monitoring System (PMS). These daily prices constitute critical inputs to take decisions purport to mitigate price surge, market intervention, restricting import-export duties and calibrate the monetary policy. Under Price Stabilization Fund, government undertakes market interventions to control the volatility in prices of agri-horticultural commodities such as onion, potato, tomato and pulses to protect the interests of consumers. Market interventions primarily involves procurement of these commodities for buffer stock and undertaking strategic market disposals to contain price volatility. Buffer stocking also acts as deterrent for unscrupulous speculations. The procurement of agri-horticultural commodities ensures remunerative prices

to the farmers for their produce.

1 PRICE MONITORING CELL

Price Monitoring Division was set up in 1998 for keeping a close watch on the prices of selected food items as well as the structural and other constraints affecting their availability. These information are critical for ensuring timely intervention for improving the market availability and thereby moderating prices. Initially, PMD was tasked with monitoring prices of 14 essential food items across 18 centers in the country. Over the span of about 21 years, the coverage of commodities monitored by PMD has expanded to 22 and the number of reporting centers has increased to 550. The 22 commodities being monitored by PMD include five item groups i.e., Cereals (Rice & Wheat), Pulses (Gram, Tur, Urad, Moong, Masur), Edible Oils (Groundnut Oil, Mustard Oil, Vanaspati, Soya Oil, Sunflower Oil, Palm Oil), Vegetables (Potato, Onion, Tomato), and Other items (Atta, Sugar, Gur, Milk, Tea, and Salt). List of 550 price reporting centers (year wise) across the country is at **Annexure I**.

1.1 Retail and Wholesale prices:

The Retail and Wholesale prices of 22 essential food items is released every day by 5.00 PM. based on the information compiled from 550 centers. The price data can be accessed at Department's web site <http://fcamin.nic.in> which is updated regularly. The report covers :-

- Daily All India Retail and Wholesale Average Prices of 22 essential food items comparing current prices with that of one month ago and one year ago.
- All India Average Retail and Wholesale Prices of 22 essential food items over one week.

1.2. Collection of Price Data through PMS Mobile Application:

The Department developed a Mobile App. for price reporting which became operationalised from 1st January, 2021. The App has inbuilt features to calculate the average of retail prices collected from three markets and also geo-tag the location from where prices are collected and uploaded. The Mobile App is readily available for download from google play store. The veracity of prices data improves with the increase in number of Centers reporting prices data through the Mobile App.

1.3 Market intelligence inputs and predictive price forecasting:

The Department has institutionalised weekly interaction with market intelligence agency in which Department of Agriculture, NAFED, NCCF also participates. The weekly presentation Agriwatch includes market estimates of crop size, price scenario and projections, imports and overall availability situation in respect of pulses and vegetables namely, onion, potato and tomato. The inputs received through the interactions are appropriately incorporated in the weekly meeting of the Inter-Ministerial Committee to review prices of essential commodities.

1.4. Expansion of Price Reporting Centers and Capacity Building:

At present, there are 550 price reporting centers across India. This department has also decided to increase price reporting center in each district of the country. The basic purpose is to ensure geographical

representation of the States/UTs in price collection. In addition, 2 Zonal conference at Chandigarh on 10th Apr, 2023 and Vishakhapatnam on 29th Sep, 2023 has been undertaken by this department in 2023-24 to sensitize the State official pertaining to price methodology, and mobile app to ensure accuracy in price reporting

2. PRICE STABILIZATION FUND (PSF)

2.1 Price Stabilization Fund (PSF)

The Price Stabilization Fund (PSF) was set up with an initial corpus of ₹ 500 crore to tackle price volatility in some agri-horticultural commodities viz, onion, potato and pulses to protect the interests of consumers. These commodities are to be procured from farmers /farmer's association at the time of harvesting and stored for regulated release during lean season to help bring down their prices. Such market intervention by Government would not only help send the appropriate market signal but also deter speculative/hoarding activities. To begin with, the Fund was to be used only for market interventions in case of perishable agri-horticultural commodities such as onion and potato which showed extreme volatility of prices. Subsequently, pulses were also covered. Under the PSF, interest free working capital advance is provided to Central Agencies, State/UT Governments/Agencies to undertake such market intervention operations. Apart from domestic procurement from farmers/wholesale mandis, imports may also be undertaken under PSF.

2.2 Budget Provision and Deliberations

Budget allocation/AE of ₹. 27,489.15 crore has been made under PSF corpus from 2014-15 to 2023-24. This fund was largely utilized for building the dynamic buffer of pulses and onions. The financial year-wise allocation of funds under PSF is ₹ 0.01 crore in 2023-24, 0.01 crore in 2022-23, ₹ 2030.83 crore in 2021-22, ₹ 11135.30 cr in 2020-21, ₹. 1,713 cr in 2019-20, ₹1500 cr in 2018-19, ₹ 3500 cr in 2017-18, ₹ 6900 cr in 2016-17; ₹ 660 crores in 2015-16; and ₹ 50 crores in 2014-15. As per the Government's decision, the PSF was transferred to the Department of Consumer Affairs (DoCA) w.e.f. 1st April, 2016. Price stabilization operations are determined at the Centre by the Central Price Stabilization Fund Management Committee (PSFMC) which was reconstituted on transfer of Scheme and is now headed by Secretary, Department of Consumer Affairs. The Corpus Fund is managed by Small Farmers Agribusiness Consortium (SFAC). There is also a Sub committee for investing surplus from PSF corpus chaired by Financial Adviser, M/o CA, F&PD. Till now, 59 meetings of the Re-constituted PSFMC have been held. In the States/UTs, the Price Stabilization operations are to be managed by the State level PSFMC and operated out of the State level Corpus Fund. Interest free advances from the PSF corpus may be made both to Central Agencies and to State level Corpus. The State level Corpus is created with a sharing pattern between GoI and State in the ratio of 50: 50, which in 75:25 in case the North Eastern States. On 9th December 2015, Government approved creation of buffer stock of 1.5 lakh tonnes of pulses. Subsequently, after due deliberation, it was recommended that a larger buffer stock of around 20 lakh tonnes of pulses would be needed for effective market intervention. This was approved by the Government on 12.09.2016. Government created a buffer of 20.50 lakh MT of pulses through both domestic procurement and imports by RMS 2017-18 from which regular disposal was undertaken.

2.3 Disposal of Buffer Stock

As per the Government decisions, pulses from the buffer stock are being offered to the States/UTs. They are also being allocated/ released to Central Agencies, Government outfits and its organs/agencies and are

also being disposed through open market sale. On 10th November, 2017 Government has decided that all Ministries/Departments having schemes with a nutrition component or providing food/catering/hospitality services would utilize pulses from the Central buffer built under PSF scheme. Under this supplies of pulses from the buffer were made for the Mid-Day-Meal (MDM) Scheme and Integrated Child Development Service Scheme.

2.4 Conversion of Chana and Moong stocks for retail disposal under Bharat Dal brand

- **Chana Dal**

The Government has launched the sale of chana dal in retail market under the brand name of Bharat Dal on 17.07.2023 at subsidized rates of Rs.60 per kg for 1 kg pack and Rs.55 per kg for 30 kg pack in order to make pulses available to consumers at affordable prices. Bharat Dal (Chana Dal) is made available for retail sale to consumers and for supplies to Army, CAPF and welfare schemes through NAFED, NCCF Kendriya Bhandar, Safal and state controlled cooperatives of Telangana, Maharashtra and Gujarat. The Chana Dal, under this arrangement, is also made available to state government for supplies under their welfare schemes, policy, Jails and also for distribution through the retail outlets of state government controlled cooperatives and corporations. Based on the quantity of retail sale till December, 2023 it is assessed that Bharat Dal constitutes about one-fourths of average monthly household consumption of Chana Dal in the country.

- **Moong Dal**

Conversion of Moong stock into Moong Dal (Dhuli) and Moong Dal (Saboot) for retail disposal under the Bharat Dal Brand has also been approved the Government. Taking into account the prevailing prices of Moong Dal in the retail market, the MRP for Bharat Moong Dal (Dhuli) is fixed at Rs.107 per kg, and Bharat Moong Dal (Saboot) at Rs.93 per kg by allowing a discount of Rs.1,500/qtl on the issue price (i.e., MSP of the stock) of Moong stock. Bharat Moong Dal is made available in retail outlets of NAFED, NCCF, Safal, etc. and also on e-commerce platforms.

2.5 Major milestones in PSF Pulses Buffer

A buffer stock of 20.50 lakh tonnes of pulses was built through both domestic procurement of 16.71 lakh tonnes by FCI, NAFED and SFAC, and imports of 3.79 lakh tonnes by MMTC and STC during Phase 1 (2016-18). Domestic procurement for the buffer was done from farmers and farmers association during Kharif Marketing Seasons (KMS) of 2015-16 and 2016-17 as well as Rabi Marketing Season (RMS) of 2016-17 and 2017-18. Imports were made only during 2015-16 and 2016-17. This stock has been disposed off

Subsequently 2018-19 and onwards, Government has decided that procurement at MSP would be under PSS of DACFW and requirement towards building suitable buffer would be met from the PSS stock in case procurement is not required to be undertaken under PSF. As the procurement since Rabi-17 was under MSP operation of PSS, pulses procured under Price Support Scheme (PSS) of Department of Agriculture, Cooperation and Farmers Welfare (DACFW) have since been channelized to PSF to the extent of meeting buffer requirements. This has ensured effective utilisation of PSS stocks towards stabilization efforts as calibrated releases are made from PSF. Thus, harmonization between PSS and PSF has been achieved with remunerative prices being assured to farmers and intervention on the supply side is undertaken to manage their prices in consumer interest.

During Phase 2, around 62.24 LMT of pulses have been transferred/replenished from PSS stocks to rebuild PSF buffer stock/allocation under PMGKAY/ANB schemes. Further, under PSF, procurement of 4.43 LMT of pulses have been undertaken and about 3.94 LMT has been procured from imported pulses. In Phase 2, about 62.18 LMT of pulses have been disposed off and 8.43 LMT of pulses are available in the PSF buffer. During the year, 880 LMT of pulses transferred from PSS, DA&FW to PSF. DoCA, 1.02 LMT of pulses procured under PSF, 1.89 LMT of pulses procured from imported pulses and 13.24 LMT of pulses has been disposed off as on 31.12.2023.

2.6 State-level Price Stabilisation Fund

The Price Stabilisation Fund Scheme has a component under which interest free working capital advance is provided from the PSF Corpus on a 50:50 sharing basis between Centre and State (75:25 ratio in respect of North Eastern States) for setting up State-level PSE Till date, 7 States have availed of the fund for setting up State-level PSF for market intervention in various essential food commodities. Funds have been provided to Andhra Pradesh (₹ 50 crores), Telangana (₹ 9.15 crores), West Bengal (₹ 2.50 crores), Odisha (₹ 25 crores), Tamil Nadu (₹ 2.50 crores), Assam (₹ 75 crores) and Nagaland (₹ 37.50 crores) for setting up State Level PSF.

2.7 PSF ONION OPERATIONS:-

In order to check the volatility in prices of onion, the Government maintains onion buffer under the PSF The buffer size has been increased year after year from 1.00 LMT in 2020-21 to 2.50 LMT in 2022-23 to 7 LMT in 2023-24. The onions from the buffer are released in major consumption centres during the lean season from September to December in a calibrated and targeted manner to cool down prices. The details of onion buffer acquired under PSF since 2017-18 are given below:

Year wise quantity of Onion acquired under PSF since 2017-18	
Year	Procurement (MT)
2017-18	5,136.74
2018-19	13,507.77
2019-20	57,372.94
2019-20	914.98
2019-20	13,013.25
2019-20	5,513.24
2020-21	98,740.60
2020-21	104.24
2020-21	2,950.35
2020-21	15.91
2021-22	2,08,033.33
2022-23	2,51,056.78
2023-24	5,51,100.16*
Total	12,07,460.29

*Procured quantity till 10.01.2024

2.8 Onion Retail Sale

To control the rapid increase in retail prices during the lean season of 2023, Government decided that retail disposal of onion should be substantially enhanced by NCCF and NAFED, both in quantity and coverage to make onion available at the subsidized rate. Accordingly, the Onion retail sale started on 01.11.2023. Upto December, 2023 (28.12.2023), total 23 States were covered under onion retails sale, 213 cities, 1971 retail points and sale quantity of 2,88,76,809 kg. The main agencies involved in retail sale of onion were NAFED, NCCF, Kendriya Bhandar & Safal etc.

2.9 PSF TOMATO OPERATION:-

To control the increase in the prices of tomato, the government undertakes the procurement and simultaneous disposal of tomato under Price Stabilisation Fund. National Agricultural Cooperative Marketing Federation (NAFED) and National Cooperative Consumers Federation (NCCF) are continuously procuring tomato from mandis in Andhra Pradesh, Karnataka and Maharashtra and disposing of them in major cities where retail prices have recorded the maximum increase.

A total of 1603.42 MT of tomato had been procured by NCCF and NAFED. The procured tomatoes were sold to retail consumers at subsidized price, starting with Rs.90 per kg and successive reduced to Rs 40 per kg. To reach maximum number of consumers, the tomatoes were distributed through mobile vans, stationary outlets and also through Open Network for Digital Commerce (ONDC) platform in major cities and towns. Through the intervention, tomato retail prices were brought down from the peak of Rs. 140 per kg (all-India average) to around Rs.40 per kg by 10.09.2023. The intervention benefited approx. 7.5 lakh households.

Agency	Sale Centres (13 th July to 22 nd August, 2023)	Total quantity disposed (in MT)
NCCF	Delhi-NCR, Lucknow, Kanpur, Varanasi, Jaipur	1,282.58
Nafed	Patna, Muzzafarpur, Aarah, Buxar, Prayagraj	320.84

2.10 Tomato Grand Challenge

The Department of Consumer Affairs has launched on 30th June, 2023, the Tomato Grand Challenge to invite ideas for comprehensive and focused area interventions in tomato value chain, from cropping and market insights for the farmers to improved packaging, transportation and storage. The Tomato Grand Challenge is open to students, research scholars, faculty members, industry individuals, Indian start-ups, professionals etc. The overall objective of the Grand Challenge is to ensure availability of tomato to consumers at affordable prices. A total of 1400 ideas have been received.

DIRECTOR'S REPORT

ANNUAL REPORT

The Board of Directors have immense pleasure in presenting 54th Annual Report of the activities of the National Cooperative Consumers' Federation of India Ltd. (NCCF) for the year 2023-24 along with Audited Accounts & Report of the Auditors for the year ended 31.3.2024.

THE YEAR UNDER REVIEW

During the year, the Hon'ble Union Minister of Home and Cooperation Shri Amit Shah was kind enough to spare his valuable time for the interaction with the Board of Directors of NCCF on 18.10.2023 and expressed his full support and guidance for the consumer cooperatives in general and the NCCF in particular.

The Hon'ble Minister emphasized that NCCF should enhance its share capital base by enrolling new members from Cooperative sector like PACS, FPOs and other cooperative. He also mentioned that the Government of India has planned to produce ethanol from Maize and NCCF should initiate action in this direction. The Union Minister and the State Ministers of Consumer Affairs, Food and Public Distribution also gave his full support for overall upliftment of NCCF by patronizing NCCF with award of various Govt. schemes for implementation.

I feel proud to inform the house that during the Fiscal Year 2023-24, your Federation has achieved a sales turnover of ₹ 5968.96 crores and earned a gross profit of ₹ 246.42 crores before taxation and ₹ 182.25 crores after taxation for the first time since its inception. The year under review proved to be a transformative period for NCCF. The Federation experienced substantial growth and made significant strides in both operational efficiency and market expansion. This section highlights major achievements, challenges, and changes that shaped our performance over the past year. During the year 2023-24, the overall functioning of the organization was outstanding in terms of total sales achieved and profit earned. The Federation registered remarkable increase in the sales of Groceries which includes distribution of Bharat Brand commodities, distribution of Onion and Tomatoes under Government Scheme. The Federation achieved a higher turnover in Civil construction, Agri-input and Import & Export in comparison to last year. However, some decrease in sales of Confiscated goods, Textiles and General merchandise has been seen.

The Federation continued to supply stationery and other office use items to the Central Government Departments on tender basis.

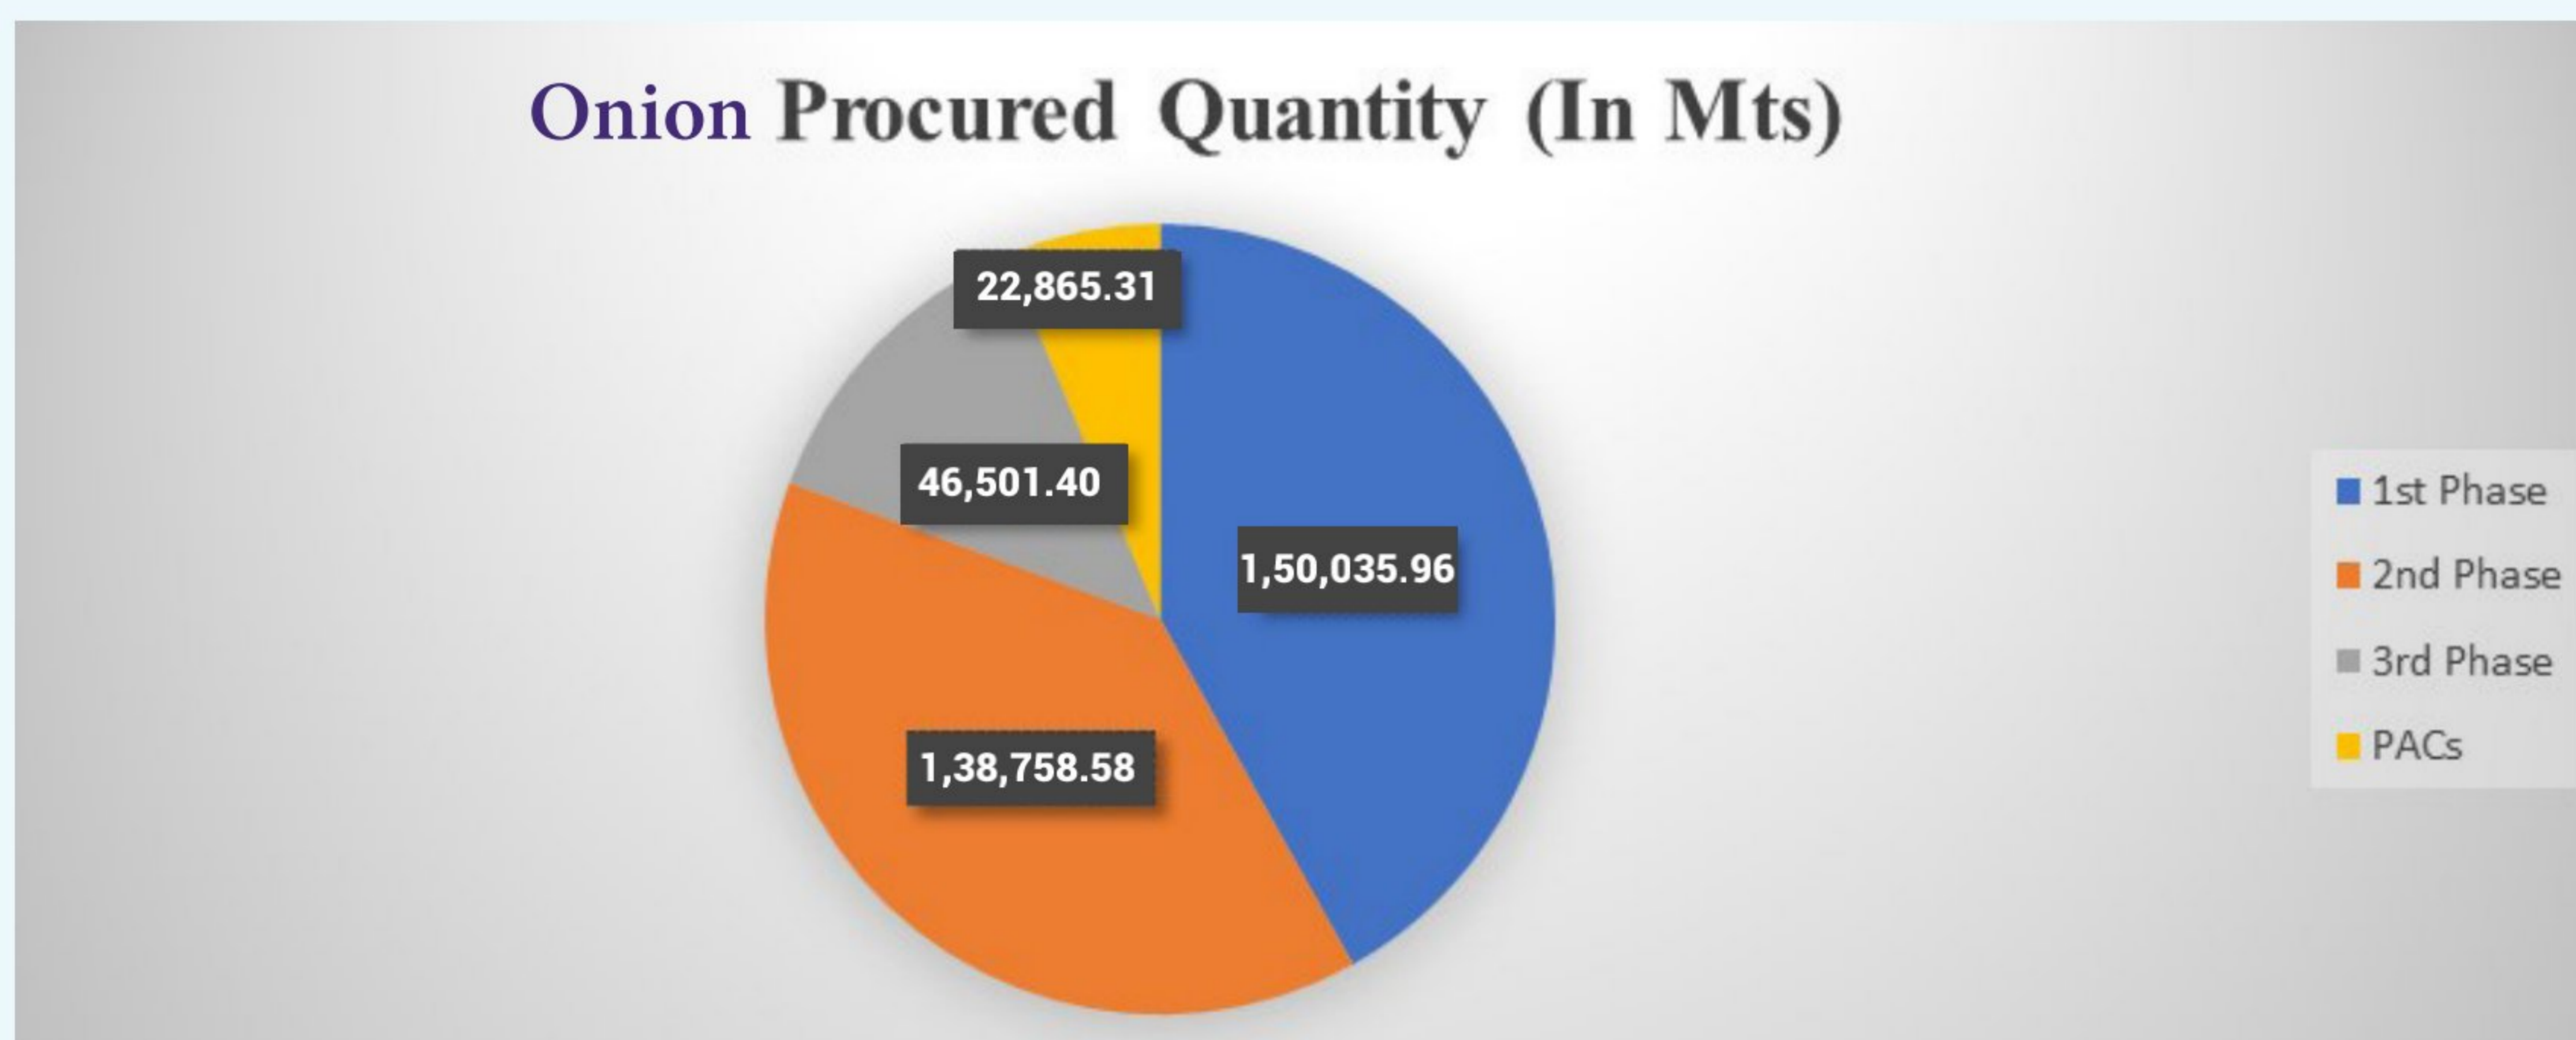

As usual, Consumer Cooperatives are facing stiff competition from the organized sector. To sustain in the market, it has to diversify its business activities by entering into Government allocated Schemes and sheltered business. NCCF has been able to successfully implement various consumer welfare Schemes of the Govt. of India like Price Support Scheme, Price Stabilization Fund, distribution of Bharat Brand Products, onion and tomatoes. These schemes have contributed a major part to the overall sales turnover during the year.

SEEDS

NCCF has also received approval for production of Certified Seeds of Fodder crops under National Livestock Mission of the Dept. of Animal Husbandry and Dairying, Ministry of Fisheries, Animal Husbandry & Dairying for the FY 2024-25 valuing ₹ 68.80 crores.

CIVIL CONSTRUCTION

1. World Largest Grain Storage Scheme Implementation:

As per Honorable Prime Minister's vision of "Sahakar se Samriddhi", last year in the month of May-23, Government of India has launched World largest Grain Storage Scheme. Under this scheme 500 MT to 1000 MT warehouses will be constructed at PACS (Primary Agriculture Credit Society) level all over India.

National Co-operative Consumers' Federation of India Limited (NCCF), has been nominated as PMC (Project Monitoring Consultant) for implementation of World Largest Grain Storage Scheme. NCCF role is to spread awareness of the scheme among PACS and encouraging PACS to participate in the scheme. NCCF will also be responsible for preparing Detailed Project Reports (DPR), providing support to PACS for processing and receiving loan from DCCB / St.CB, Design & Construction of Warehouse and other facilities, providing support to PACS for operations of Warehouse and Multi Service Centre.

NCCF has initiated awareness campaign in the state of Rajasthan, Maharashtra, Karnataka. 356 PACS have already shown willingness to participate in the scheme. Once the loan sanctioning process is streamlined, awareness campaigning will further spread in other states also.

NATIONAL CONSUMERS DAY

Every Year 24th December is observed as National Consumer Day with a specific theme in India. On this day the Consumer Protection Act, 1986 had received the assent of the President. The enactment of this Act is considered as a historic milestone in the consumer movement in the country.

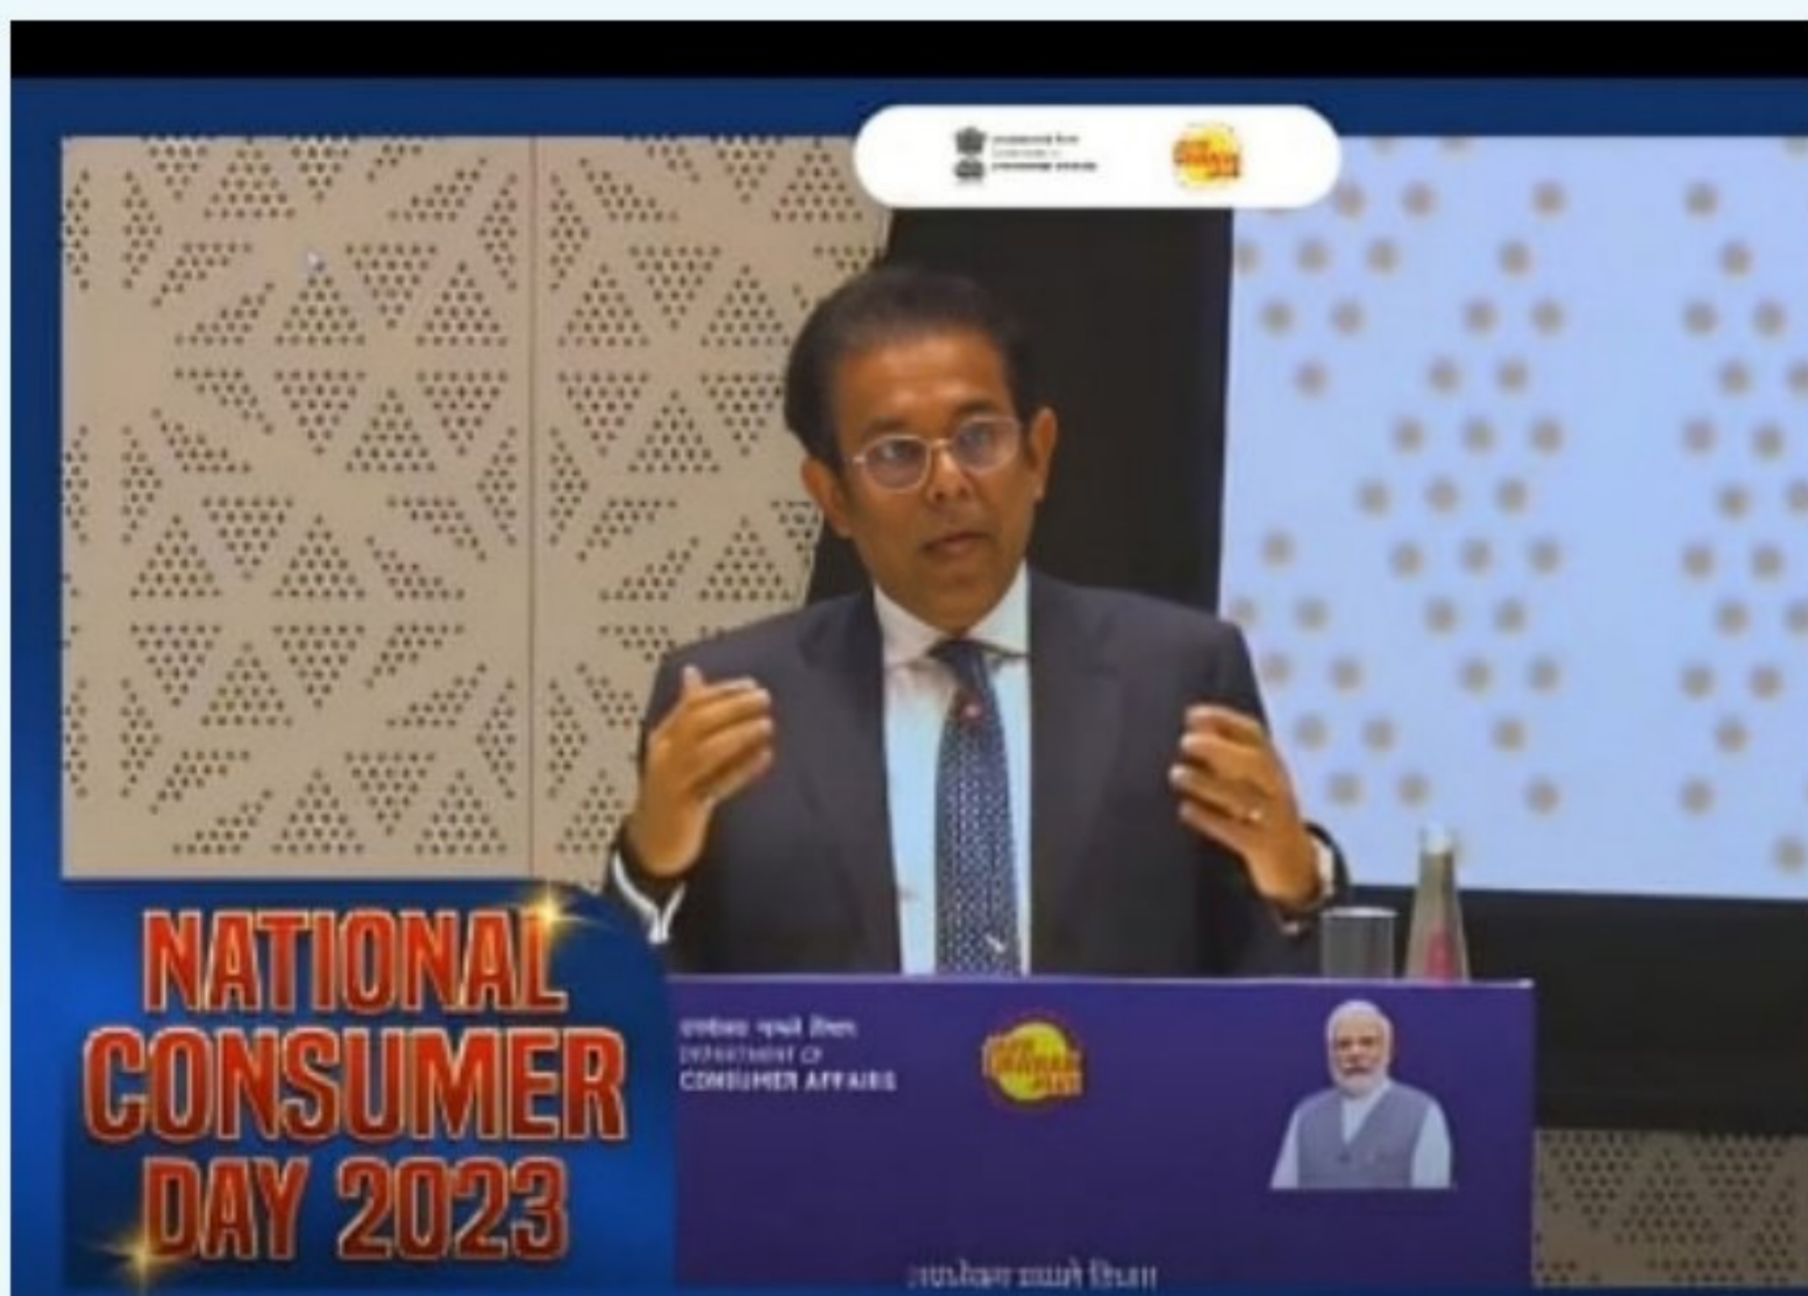

This day provides an opportunity for individuals to highlight the importance of the consumer movement and the need to make every consumer more aware of their rights and responsibilities.

According to the Consumer Protection Act, every Indian consumer has got six rights.

- o Right to security
- o Right to Information
- o Right to choose
- o Right to have a say
- o Right to grievance and redressal
- o Right to education of consumer rights

On this Consumer Day i.e. 24.12.2023, NCCF digitally transferred ₹ 94.85 Lakhs as dividend to the Govt. of India, for financial year 2022-23.

VIGILANCE AWARENESS WEEK

NCCF observed Vigilance Awareness Week (VAW 2023) from October 30 to November 5, 2023, with great enthusiasm and dedication, aimed at fostering a strong culture of vigilance within the organization.

- This year's theme was "Say no to corruption: Commit to the Nation". This initiative, designed by the Central Vigilance Commission, seeks to deepen employees' understanding and commitment to ethical practices and transparency.
- The week commenced with an Integrity Pledge taken by all employees at the Head Office and branches via video conferencing under the presence of the Managing Director, NCCF.
- The Managing Director addressed the gathering, providing insightful discussions that, along with the vibrant participation of employees, effectively reinforced the principles of integrity and accountability.
- Throughout the week, a series of engaging activities were held, including essay writing, poetry writing, and slogan writing competitions, providing employees with platforms to show their prowess and embrace the spirit of a corruption-free India.

Future Opportunities:

As per the vision of Hon'ble Prime Minister "Sahkaar se Samraddhi" Govt. of India has launched World largest Grain Storage Scheme" in May 2023. The Hon'ble Union Minister for Home and Cooperation, during his interaction with the Members of Board of NCCF in October 2023 also emphasised on procurement of maize from farmers for supply to Distilleries in the country for production of Ethanol, which will yield a sizable business for NCCF. Besides this, process of construction of warehouses under the "World largest Grain Storage Scheme" in cooperative sector is in progress. It is expected that with these new lines of Business, NCCF would achieve remarkable turnover and profit.

Publicity & Public Relations

NCCF continued to project its image with Member institutions in particular and Consumer Cooperatives in general and with consumers, Central and State Government Departments, Public Sector Organizations, Institutions and Business Associates for maintaining liaison and regular contacts and by participation in various exhibitions, seminars, workshops and Farmer Awareness Programs throughout the states during the year.

Vigilance Set-up

The National Co-operative Consumers' Federation of India Ltd. (NCCF) has a Vigilance Cell headed by a Chief Vigilance Officer (CVO) on deputation from Govt. of India. The CVO assists the management of NCCF in maintaining the transparency and integrity in general administration and in increasing the efficiency as well as

the productivity in NCCF through various preventive measures and monitoring mechanisms. Punitive actions are taken where the preventive measures fail to produce desired results.

Apart from dealing vigilance cases, the CVO with the help of vigilance officials deployed in the vigilance cell, monitors the functioning of the Federation through regular and surprise visits of the sensitive areas and review them from time to time to streamline the procedures with a view to minimize the scope for corruption or misconduct. During investigation of the complaints/cases or surprise visits/checks whenever any inadequacy in the laid down procedure is noticed, suggestions are made by the CVO to the management for rectifying such procedures.

The basic objective, thus, of the Vigilance Cell of the NCCF is to improve the systems, preventive measures and also reduce ambiguity in the interpretation and implementation of the rules and procedures resulting in misuse of the discretionary powers being exercised by the employees who are not authorized to do so as per the prescribed procedures. In order to prevent such ambiguity, the guidelines/procedures are issued by the Vigilance Cell from time to time so that transparency and integrity is maintained in the affairs of the Federation.

During the financial year 2023-24, the Vigilance Unit undertook a comprehensive array of activities aimed at enhancing transparency and accountability throughout the organization. The unit conducted a series of inspections of Bharat Brand's Product sales in Delhi-NCR and audits focused on procurement processes and adherence to ethical standards.

Key areas of scrutiny included the review of procurement procedures for agricultural and allied commodities. The unit identified several areas with potential for improvement and recommended systemic measures to be implemented, after each NCCF Branch visit to mitigate any risk of corruption. These findings were meticulously documented, and actionable recommendations were provided to address the identified issues.

NCCF observed Vigilance Awareness Week (VAW 2023) from October 30 to November 5, 2023, with great enthusiasm and dedication, aimed at fostering a strong culture of vigilance within the organization. This year's theme was "Say no to corruption: Commit to the Nation". This initiative, designed by the Central Vigilance Commission, seeks to deepen employees' understanding and commitment to ethical practices and transparency. The week commenced with an Integrity Pledge taken by all employees at the Head Office and branches via video conferencing under the presence of the Managing Director, NCCF. The Managing Director addressed the gathering, providing insightful discussions that, along with the vibrant participation of employees, effectively reinforced the principles of integrity and accountability. Throughout the week, a series of engaging activities were held, including essay writing, poetry writing, and slogan writing competitions, providing employees with platforms to show their prowess and embrace the spirit of a corruption-free India. During the three-month campaign, Vigilance Officers of NCCF attended a session on October 11, 2023, addressed by Dr. Upender Vennam, CVO of BDL and MIDHANI Hyderabad. The session, held at the Bureau of Indian Standards Headquarters in New Delhi, focused on disciplinary proceedings, capacity building for Investigating Officers (IOs) and Presenting Officers (POs), and related topics.

Despite facing a shortage of personnel within the Vigilance Department, the unit's efforts throughout the year significantly bolstered the organization's commitment to integrity and efficiency, establishing a more robust framework for preventing and addressing potential misconduct.

Legal Section

The Legal Section of NCCF is proactively responsible for managing all legal matters that affect the business. This typically includes:

1. **Compliance:** Ensuring that the organization adheres to laws and regulations relevant to its operations.
2. **Contracts:** Drafting, reviewing, and negotiating contracts with clients, vendors, and partners to protect the organization's interests.
3. **Litigation Management:** Overseeing any legal disputes, managing outside counsel, and representing the organization in court if necessary.
4. **Intellectual Property:** Protecting the organization's intellectual property rights, including trademarks, copyrights, and patents.
5. **Risk Management:** Identifying legal risks and advising on strategies to mitigate them.
6. **Policy Development:** Creating and implementing internal policies to ensure legal compliance and ethical conduct.
7. **Training:** Educating employees about legal issues relevant to their roles, such as data protection and workplace regulations.

Overall, the Legal Section plays a crucial role in safeguarding the organization's interests and ensuring it operates within the law.

All Branches of NCCF are proactively being assisted by the Legal Section. The Section is closely monitoring all pending legal cases on all India basis in close coordination with empanelled Advocates at HO and Branch Offices.

IT Section

Information Technology Section of NCCF plays a vital role in facilitating seamless communication within and outside the organization through emails, instant messaging, video conferencing, and collaborative tools.

IT systems enable organizations to collect, store, and analyse vast amounts of data, providing valuable insights for decision-making and strategy formulation. Its tools help manage customer interactions, track sales, and improve service quality, leading to better customer satisfaction and loyalty.

With advancements in IT, organizations can support remote work, enabling flexibility and access to a broader talent pool. It provides frameworks and tools for protecting sensitive data and ensuring compliance with regulations, mitigating risks associated with data breaches and cyber threats.

In summary, IT is integral to modern organizations, influencing every aspect from operations and strategy to customer relations and employee engagement.

REPORT ON THE STANDALONE FINANCIAL STATEMENTS

Qualified Opinion

We have audited the Financial Statements of **National Cooperative Consumer's Federation of India Limited, Head office, Delhi and all 27 Branches** which comprises the Balance Sheet as at March 31, 2024, the Profit and Loss Account, Cash Flow Statement and accounting policy and notes to accounts for the year.

In our opinion except for the effects of the matter described in the Basis for Qualified Opinion paragraph, the accompanying Financial Statements of the entity are prepared, in all material respects, in accordance with Multi-State Coop. Societies Act, 2002.

Basis for Qualified Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) issued by ICAI. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the branch in accordance with the ethical requirements that are relevant to our audit of the Financial Statements and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion which are as under:

- Debtors, Creditors, Advance to supplier, Advance received from customer, EMD and security deposits are subject to confirmation, further, Federation has not made provisions for old debts having huge balances, in absence of calculation/aging we are unable to ascertain the impact on the Federation.
- The Federation did not have an appropriate internal control system for customer acceptance, customer credit evaluation and establishing customer credit limits based on the economic, industry and customer's financial considerations. This has resulted in huge old outstanding dues from customers and insignificant recoveries there-against owing to which the Federation has defaulted in its obligations for repayment of

its dues to creditors. Further, internal control procedures are not operating for periodic review of age-wise analysis of trade receivables, procedure and manner for timely action against defaulting debtors and establishing methodology, underlying assumptions and policies for provision for doubtful debts and its appropriateness on periodic basis. These material weakness/ significant deficiency could potentially result in Federation recognizing revenue without establishing reasonable certainty of ultimate collection and could lead to accounting of uncollectible trade receivables. The physical verification of fixed assets was not carried out by the Federation as we were not provided any physical verification reports/ records.

- c. The physical verification of stocks was not carried out by the Federation as we were not provided any physical verification reports/ records and we have relied upon the certification by the concerned parties/ CWC/ SWC/ Federation.
- d. We have observed certain deficiencies in maintenance of stock records as at branch. WHR/Stock records were not updated/ properly maintained. In view of our observation, control over maintenance of inventory records needs to be strengthened further.
- e. The Federation does not collate, maintain and present the proper details of MSME Vendors registered under Micro Small and Medium Enterprises Development (MSMED) Act, 2006. Hence, compliances of procurement, provision for interest, if any, on outstanding dues to MSME units could not be verified. We therefore are unable to determine the delay in making payment to such entities and liability of interest and compliance on such delayed payments in terms of provisions of MSMED Act, 2006.
- f. During the course of audit of Kanpur Branch, we noted that as per the Standard Operating Procedures (SOP)/Agreement of the National Cooperative Consumer Federation (NCCF), the payment due to Miller (Hari Om Flour Mill, Kanpur) was calculated to be Rs.2,30,24,925.00 for the delivery of 7,700 metric tons. However, the actual payment made amounted to Rs.6,61,35,300.00, as per calculation sheet attached in annexure I of audit report, further reply received from Kanpur Branch is not Satisfactory, accordingly federation look into the matter.
- g. During the course of our audit of Head office of NCCF Delhi, we requested access to certain agreements related to export transactions between federation and NCEL. However, the Federation has not provided the necessary agreements for our audit. As a result, we were unable to obtain sufficient appropriate audit evidence regarding the existence, accuracy, and completeness of the export revenues and related receivables recognized in the financial statements. Consequently, we are unable to determine whether any adjustments might be necessary to the recorded amounts of revenues, receivables, and the related disclosures.
- h. GST Receivable/ payable and Turnover as per books of account and GST returns are Subject to reconciliation.
- i. GST TDS Receivable & Income Tax TDS Receivable are subject to reconciliation.
- j. Provision of TDS / TCS under Income Tax Act, 1961 not fully complied.
- k. Provision of GST TDS / E-way Bill / E-Invoicing under Goods & Service Tax Act, 2017 not fully complied.

Responsibilities of Management and Those Charged with Governance for the Financial Statements.

Management is responsible for the preparation of the Financial Statements in accordance with Multi-State Coop. Societies Act, 2002 and for such internal control as management determines is necessary to enable the preparation of Financial Statements that are free from material misstatement, whether due to fraud or error. In preparing the Financial Statements, management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the branch or to cease operations, or has no realistic alternative but to do so. Those charged with governance are responsible for overseeing the branch financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the branch internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the branch ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the branch to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- Further we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- As required by Section 73(4) of The Multi-State Cooperative Societies Act, 2002, we report that:
 1. In our opinion, except for the effects/possible effects of the matters described in the Basis for Qualified Opinion section of our Report, proper books of account as required by law have been kept by the branch so far as it appears from our examinations of those books.
 2. In our opinion, proper books of account have been kept by the multi-state cooperative society except for the effects/possible effects of the matters described in the Basis for Qualified Opinion section of our Report so far as appears from our examination of those books, and proper returns from branches or offices of the multi-state cooperative society visited by us.
 3. The multi-state cooperative society's balance-sheet and the Statement of Profit and Loss, dealt with by this Report except for the effects/possible effects of the matters described in the Basis for Qualified Opinion section of our Report are in agreement with the books of account provided before us.

COMMENTS ON THE REPORT OF THE AUDITORS
ON THE FINANCIAL STATEMENT FOR THE YEAR 2023-24.

- a. Branch Offices are continuously taking up the reconciliation of accounts with customers and suppliers etc. which is a cumbersome and a continuous process. The total exposure of the federation in respect of the dues receivable is to the extent of its margin and additional in taxes. For this purpose, a provision for doubtful balances representing customers/suppliers/Claim/receivable and advance of Rs. 713.06 lakhs exists in the books of accounts as on 31.03.2024.
- b. Management is taking concrete steps in restoring internal control environment at the Federation. Such measures include creating more SOP's, defining more processes making work more process driven, reducing manual interventions, introducing training programs, understanding the need of more qualified staff, hiring of young professionals and management professionals from industry etc. Also, observing inherent limitations of Internal Audit, Federation appointed Concurrent Auditors from April 2024. Traditional business of Federation include back to back arrangements. High number of debtors/creditors exist mainly due to lack of proper accounting adjustments/ reconciliations in books. Federation expect to substantially make improvement on this qualification with proper monitoring of accounting internal controls via regular concurrent audits. The doubtful/ non-recoverable balances will be tracked, followed up with parties alongwith documentation of same. This will be done under the guidance of newly appointed concurrent auditors for respective Branches. On successful completion of this process, non-recoverable/ non-claimable balances will be written off with consultation with Statutory auditors. Management is also taking necessary actions on appointment of qualified accountants at Branch level to support our accounting function. Further, Head Office directed to Branch Managers vide HO letter dt:22.08.2024 regarding maintaining and updating the fixed asset register on regular basis and also instruct Concurrent Auditors to include comments regarding fixed assets register in their report.
- c. It is the policy of the Federation to make arrangement to supply the goods to the buyers and in turn NCCF issue invoice to the buyers. At the close of the year stock (if any), the supplier/ CWC/ SWC issue conformation of the stock to NCCF.
- d. Head office issue instructions to all branches for maintenance of stock and respective WHR receipts. In order to strengthen inventory management control, Federation is taking steps to e-regularize WHR's/ inventory management which is expected to significantly reduce manual controls/ dependencies.
- e. The Federation has always strived to ensure full compliance with statutory requirements, including those outlined in the MSMED Act, 2006. However, we recognize the concern raised regarding the proper collation and maintenance of MSME vendor details.

In response to the audit report we will initiate the following corrective actions:

- We will establish a dedicated system to identify, verify, and maintain updated records of all vendors registered under the MSMED Act, 2006.
- All registered vendors to duly certify their MSME status via declaration.
- The Branch Manager will be instructed by Head Office to follow and adhere the Guidelines.
-

- f. We are committed to ensure transparency and adherence to our SOPs. In this regard, we will conduct a preliminary review of the documentation and calculations related to the payment of Hari Om Flour Mill, Kanpur. Further, to address the concern comprehensively, clarification from the Kanpur Branch is sought to review and reconcile the payments ensuring proper compliance with SOP. Once reply received Federation to take appropriate decision accordingly.
- g. Federation has taken note of concern over non availability of export documents resulting in qualified opinion. Management will appoint senior personnel to address the issue and the preparation of agreements is in progress.
- h. Federation is conducting a brief GST audit and review by appointing a competent CA firm to perform annual reporting and further address the issue of GST non-compliances. All adjustments for FY 2023-24 to be performed by 31st Oct 2024 or date of annual filing which ever is earlier.
- i.,j,k Federation has made sincerest efforts to comply with relevant Income Tax/TDS/GST TDS/TCS provisions under Income Tax Act, 1961 along with E-way Bill and E-Invoicing of Goods & Service Tax Act 2017. We further expect more improvements with above mentioned steps to stay statutorily compliant.

SCHEDULE-18 – ACCOUNTING POLICIES & NOTES TO ACCOUNTS

A. ACCOUNTING POLICIES

1. Basis of Preparation

The Financial Statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis and in accordance with the provisions of the Multi-State Coop. Societies (Amendment) Act, 2023.

2. Use of Estimates

The preparation of Financial Statements in conformity with GAAP requires the management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the date of the reporting period. Although, these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring adjustment to the carrying amounts of assets or liabilities in future periods.

Significant estimates used by the management in the preparation of these financial statements include the useful life of fixed assets and intangible assets and provisions for doubtful debts/advances. Difference, if any, between the actual results and estimates are recognized in the period in which the results are known/materialized.

3. Revenue/Expense recognition

The Federation follows the mercantile system of accounting and recognizes income and expenditure on accrual basis except the following:

- Sales and Contractual Receipts are recognized on the actual transfer of title of goods.
- Dividend from investments is recognized once the right to receive the payment is established.
- Petty balances up to Rs. 100/- in each case are being written off/back.
- Items of income/expenses relating to prior period(s) not exceeding Rs.1.00 Lakh in each case are treated as income/expenses for the current year.

4. Employee benefits

- The Federation is paying premium to the Life Insurance Corporation of India on behalf of NCCF Employees Thrift & Credit Society to cover the liability for group Gratuity-cum-Life Insurance benefits. However short provision towards Gratuity as per Actuarial Report.
- The Federation's contribution to Provident Fund is accounted for on actual basis and deposited with the appropriate authorities and charged to the Profit & Loss Account.
- Liabilities arising consequent to the employees retiring under the Voluntary Retirement Scheme are accounted for as and when due.
- Liabilities towards encashment of Earned Leave has been provided in books of accounts on the basis of Actuarial Valuation Report.
- Expenditure on Leave Travel Concession to Employees is recognized in the year of availment.

5. Property, Plant & Equipment

- Property, Plant & Equipment are stated at historical cost less accumulated depreciation and accumulated impairment losses, if any.

6. Depreciation

- Depreciation on Property, Plant & Equipment is provided on written down value basis on individual items at the rates prescribed under the Income Tax Rules, 1962, as amended to date.
- Land including Leasehold land is shown at cost of acquisition, less accumulated amortization.

7. Impairment of Assets

- An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. An impairment loss is charged to the Profit & Loss Account in the year in which an asset is identified as impaired.

8. Investments

- Investments are recorded at cost on the date of purchase. Provision for diminution in the value of long-term investments is made only if such a decline is other than temporary in the opinion of Management.
- Short Term investments are stated at cost or market value whichever is lower.

9. Inventories

- The goods traded (finished goods) by the Federation are valued at direct cost or market price whichever is lower.
- Stocks in transit are valued at ex-godown cost.
- Stock of Raw Material at Processing Unit, Stores, Spares and Packing Material are valued at cost.

10. Provisions, Contingent Liabilities and Contingent Assets

Provisions: Provision is recognized when the Federation has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made.

Provisions are determined based upon management estimates required to settle the obligation at the Balance Sheet date. They are reviewed at each Balance Sheet and adjusted to reflect the current management estimates.

Contingent Liabilities: No provision is recognized for liabilities where future outcome cannot be ascertained with reasonable certainty. Such liabilities are treated as contingent and disclosed by way of Notes to the Accounts. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Then there is possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent Assets: Contingent Assets are neither recognized nor disclosed in the financial statements.

11. Borrowing costs:

Borrowing costs attributable to the acquisition and construction of qualifying assets are capitalized as part of the cost of such assets is one that takes substantial period of time, to get ready for internal use. Other borrowing costs are charged to revenue. However, there are no borrowings and no interest paid during the year on the same.

12. Operating Leases

Assets acquired on leases wherein a significant portion of the risks and rewards of ownership are retained by the lesser are classified as operating leases. Lease rentals paid for such leases are recognized as an expense on straight line basis over the term of lease.

13. Current Tax

Provision for Current Tax: Tax expense for the year comprising current and deferred tax is included in determining the net profit for the year.

Current Tax: Provision for current tax comprises of current income tax is made after taking into consideration benefits admissible under the provisions of the Income Tax Act, 1961. Income taxes are accrued in the same period the related revenue and expenses arise.

Deferred Tax: Provision for deferred tax (reflecting the tax effects of timing differences between accounting income and taxable income for the period) is determined in accordance with Accounting Standard-22 issued by Institute of Chartered Accountants of India. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognized using the tax rates that have been enacted or substantially enacted by the balance sheet date. Deferred tax assets are recognized and carry forward to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

14. Prior Period Expenses

Transactions relating to the prior period not exceeding Rs.1.00 Lakh in each case have been booked in the current year under the respective heads of account either as income or as expenditure, which is not in consonance with Accounting Standard-5 on “Net Profit or Loss for the period, Prior Period Items and changes in Accounting Policies”, issued by the Institute of Chartered Accountants of India, the impact of which on the accounts has not been ascertained by the Federation.

15. Foreign Exchange Transactions

- Foreign currency transactions are recorded on initial recognition in the reporting currency by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency on the date of transaction.
- Monetary foreign currency assets and liabilities of integral foreign operations are translated at closing exchange rates at the balance sheet date and the resulting profit/loss is included in the profit and loss account.

4. In modifications of the terms of the original agreement dated 30.05.2006 and subsequent modifications therein from time to time including the decision taken in the meeting held on 18.01.2012 which was put into agreement on 31.07.2012, between the Federation and the developer M/s. Sunny Rock Estates & Developers Pvt. Ltd. for the Housing Project at Rajarhat, Kolkata. The revised agreement provided that in place of NCCF, the developer would dispose of the flats to the allottees directly. The Federation has received the administrative

margin directly from the Developer amounting to Rs.2.04 crores, whereas all the statutory levies, costs and any liabilities would be borne by the developer. Keeping in view the above modifications, the developer is responsible for the entire cost of the Project and any obligations including the estimated expenditure. However, the Federation has yet to transfer the cost of 4.684 acres of freehold land including development costs amounting to Rs.11,55,10,756.00 (Previous Year: Rs.11,55,10,756.00) shown as work in progress in the books of account, to the society which is yet to be incorporated as per the terms of allotment of land and original agreement. The final adjustment if any, shall be made at the time of transfer of project.

5. Foreign remittances amounting to Rs.18.39 Lakhs had been credited by NCCF bankers during the year 2002-03, presumingly against exports effected by M/s City Shoes. This amount has been kept separately in the Fixed Deposit pending any claim from the remitter. In terms of the Agreement, an arbitration award dated 20.07.2005 of Rs. 4.45 crores plus interest @ 10% from 26.04.2004 till settlement in favour of the federation is under process of execution in the Hon'ble High Court of Delhi. Separate suit for recovery has been filed in the Hon'ble Delhi High Court.

6. Income Tax

Necessary provision for Income Tax has been made in the books of accounts for the financial year 2023-24.

7. Dividend

During the Financial Year 2020-21, National Cooperative Consumers' Federation of India Limited (NCCF) received from National Agricultural Cooperative Marketing Federation of India Ltd. (NAFED) on account of Dividend for the Financial Year 2018- 19 and 2019-20. Further dividend amounting to Rs. 12,00,000/- is paid on shares of Rs. 1.0 Cr allotted in 2017-18 for the FY 2018-19 and Rs. 20,00,000/- for FY 2019-20. As per Clause 5(G) of the Bye-Laws of NCCF, the Membership of the NCCF shall be open to National Agricultural Cooperative Marketing Federation of India Ltd. (NAFED) on reciprocal basis.

Accordingly, NAFED has allotted the shares via Certificate Number 497 dated 04.01.2018 worth Rs. 1.00 Cr which was informed through letter no. HO/FA/FIN/Dividend/2019-20/M.No.-29 dated 01.01.2021. However the NCCF did not allot any shares to NAFED.

The NCCF has shown Rs. 1,00,00,000/- received from NAFED in Sundry Liabilities along with dividend of Rs. 12,00,000/- for the FY 18-19 and Rs. 20,00,000/- for the FY 19-20, Rs.15,00,000/- for the FY 20-21, Rs.15,00,000/- for FY 21-22 and Rs.15,00,000/- for FY 22-23 amounting to Rs. 1,77,00,000/-, which is subject to litigation.

पटना में आज से 25 रुपये किलो प्याज बेचेगा संघ

पटना, हिन्दुस्तान ब्यूरो। कीमत को नियंत्रित करने के लिए भारतीय राष्ट्रीय उपभोक्ता सहकारी संघ राज्य में 25 रुपये किलो प्याज बेचेगा। शुक्रवार को पटना के मीठापुर में इसकी शुरुआत की जाएगी।

प्याज लदी पिकअप वैन पटना की गलियों में भी घूमेगी। जहां से लोग सस्ती दर पर प्याज खरीद सकते हैं। एनसीसीएफ की पटना शाखा के प्रबंधक राजेश कुमार ने बताया कि प्याज से लदी पिकअप वैन को शुक्रवार को रवाना किया जाएगा। उन्होंने बताया कि पटना के बाद राज्य के अन्य शहरों

- शुक्रवार को मीठापुर से होगी शुरुआत, गलियों में घूमेगी मोबाइल वैन
- मुजफ्फरपुर, दरभंगा और अन्य शहरों में भी प्याज की बिक्री जल्द

में भी जल्द ही इसकी शुरुआत होगी। सोमवार तक मुजफ्फरपुर और दरभंगा में संघ की मोबाइल वैन के जरिए 25 रुपये किलो प्याज मिलना शुरू हो जाएगा। इसके बाद आरा व अन्य शहरों में भी मोबाइल वैन घूमेगी।

सहकारी समितियां किसानों से मक्का खरीदें: अमित शाह

बोले, एथेनॉल उत्पादन को बढ़ावा देने की जरूरत

नई दिल्ली, विशेष संवाददाता। सहकारिता मंत्री अमित शाह ने शुक्रवार को कहा कि एनसीसीएफ (नेशनल कोऑपरेटिव कंज्यूमर्स फेडरेशन ऑफ इंडिया लिमिटेड) को अपनी सहयोगी कंपनियों के साथ एथेनॉल के उत्पादन के लिए गुजरात, बिहार और अन्य राज्यों के किसानों से मक्के की अधिक से अधिक खरीदारी करनी चाहिए। जिससे एथेनॉल उत्पादन को बढ़ाने में मदद मिले।

अमित शाह ने एनसीसीएफ कार्यक्रम को संबोधित करते हुए कहा कि विभाग को वर्ष 2027-28 तक 50 हजार करोड़ रुपये का टर्नओवर प्राप्त कर आत्मनिर्भर बनने की जरूरत है। देश भर की प्राथमिक कृषि ऋण समितियों (पैक्स) और अन्य सहकारी संस्थाओं को अपना सदस्य बनाने पर जोर देना चाहिए। जिससे यह सुनिश्चित हो सके कि एनसीसीएफ की अंश पूंजी में सहकारिता का अनुपात अपेक्षाकृत अधिक हो।

व्यावसायिक रुख में बदलाव लाना होगा: केंद्रीय सहकारिता मंत्री ने कहा कि इसके लिए एनसीसीएफ

को अपनी व्यावसायिक योजना विकसित करनी होगी तथा व्यावसायिक रुख में बदलाव लाना होगा। आत्मनिर्भर सहकारी संस्था बनने के लिए अगले 10 वर्ष का एक रोडमैप बनाना चाहिए। इसे क्रियान्वित करने में सहकारिता मंत्रालय अपना पूर्ण सहयोग देने के लिए तैयार है।

कॉमन कलेक्शन सेंटर बनाने पर जोर: शाह ने एग्जिस्टिंग एक्सटेंशन और मार्केटिंग अपनाने, किसानों को पूर्व में आश्वासन देकर खरीद करने तथा कॉमन कलेक्शन सेंटर बनाए जाने पर भी जोर दिया। मंत्री ने कहा कि अगर एनसीसीएफ और नेफेड चाहे तो सहकारिता मंत्रालय के सहयोग से राष्ट्रीय सूचना विज्ञान केंद्र से एक कॉमन ऐप तैयार करवा सकते हैं और इसके माध्यम से मक्के की खरीदारी की जा सकती है।

राहत... प्याज के दामों में बढ़ोतरी का दौर थमा

जागरण संवाददाता, जालंधर : सरकारी व्यवस्था को प्रभावी ढंग से लागू किए जाने के बाद जिले की थोक तथा रिटेल मंडी में रोजाना बढ़ रहे प्याज के दाम थम गए हैं। अक्टूबर के मध्यांतर के बाद से रोजाना तीन से लेकर पांच रुपये प्रति किलो के हिसाब से प्याज के दामों में इजाफा हो रहा था। सोमवार को केंद्र सरकार द्वारा नेशनल कोऑपरेटिव कंज्यूमर्स फेडरेशन चंडीगढ़ के वैनर तले मकसूदा सच्ची मंडी में आचार कार्ड के आधार पर 25 रुपये प्रति किलो प्याज देने की व्यवस्था के बाद पिछले दो दिनों से दाम में इजाफा नहीं हुआ है।

- नेशनल पार्क, नंदनपुर व नागरा सहित ग्रामीण इलाकों में दी सप्लाई
- आज भी कालोनियों में 25 रुपये किलो की जाएगी प्याज की बिक्री

प्याज के दाम रिटेल में इन दिनों 70 रुपये प्रति किलो तक पहुंच गए हैं। इस कारण सोमवार के बाद मंगलवार को भी लोगों को 25 रुपये प्रति किलो के हिसाब से प्याज की सप्लाई दी गई। इसके लिए मकसूदा सच्ची मंडी से नंदनपुर, नेशनल पार्क, नागरा तथा इसके साथ लगते ग्रामीण क्षेत्रों में प्याज की बिक्री की गई। गुवाहाटी को भी सुबह शोधपूल बनाने के बाद शहर की विभिन्न कालोनियों में इसी

व्यवस्था के तहत प्याज की सप्लाई दी जाएगी। एजेंसी के प्रतिनिधि दीपक सिंह ने बताया कि प्याज की बढ़ती कीमतों तथा इसकी कालायाजारी रोकने के लिए जनता को सस्ते दरों पर प्याज के वितरण को सुनिश्चित तथा पारदर्शी बनाए जाने के लिए आचार कार्ड अनिवार्य किया गया है। प्याज के कारोबारी जसपाल सिंह बताते हैं कि इन दिनों प्याज की मांग में कमी आई है। दूसरा सरकारी व्यवस्था के तहत प्याज की उपलब्धता के चलते

मार्केट में कई तरह की अटकलों को भी विराम लग गया है। इससे दामों में बढ़ोतरी का दौर थम गया है। इससे लोगों ने राहत की सांस ली। मकसूदा सच्ची मंडी में रियायती दर पर प्याज खरीदने आए हरविंदर सिंह ने बताया कि कालोनियों में रहेड़ी पर प्याज की मनमानी कीमत बसूली जा रही है। अब सरकार को तुरंत से कटम उठाने के बाद राहत मिली है। घर-घर जबकि प्याज की बिक्री करने से लोगों को बहुत फायदा होगा।

मकसूदा सच्ची मंडी में रोज एक घंटा मिलेगा प्याज नेशनल कोऑपरेटिव कंज्यूमर्स फेडरेशन के दीपक सिंह ने बताया कि विभिन्न कालोनियों में गाड़ियां भेजने के साथ-साथ मकसूदा सच्ची मंडी की फूट मंडी में 78 नंबर दुकान के बाहर स्टाल लगाकर सुबह रोजाना नौ से दस बजे तक सस्ते प्याज की बिक्री की जाएगी।

Onions for ₹25/kg in Noida, Ghaziabad

Arun Singh
arun.singh@hindustantimes.com
Noida: Onions are now on sale at ₹25 per kg in several sectors of Noida, Greater Noida, and Ghaziabad, officials aware of the matter said on Tuesday.
The National Cooperative Consumer's Federation of India (NCCF) will dispatch vans loaded with onions on sale at subsidised rates to different sectors in Noida, Greater Noida, and Ghaziabad until the last week of November, and as per the public demand, and with knowledge of the matter said.

People queue up to buy onions for ₹25 a kilo from an NCCF van in Sector 4 in Noida on Tuesday.

We got directions to sell subsidised onions as the retail price has shot up. **MADHU SHARMA**, Noida branch head of NCCF
which operates under the ministry of consumer affairs, food and public distribution.
NCCF sent ten vans loaded with 1,000 kg of onions each to different sectors in Noida, Greater Noida, and Ghaziabad on Tuesday. In Noida, subsidised onions were sold in sectors 16, 62, 61, 71, and 22, Gaur Chowk and Pari Chowk, among others. However, each person was sold only up to two kilograms of onions.
Sincere western Uttar Pradesh, comes under NCCF Noida, vans with subsidised onions were sent to Ghaziabad from the Noida centre, said Sharma.
NCCF also sold chana dal at a subsidised rate of ₹60 per kg on Tuesday in the three cities.
Officials said that the subsidised sale of onion will continue until prices stabilise.
Ankit Yadav, a resident of Noida's Sector 27, said he received information from a relative that NCCF was selling subsidised onions. "I decided to buy two kg of onions for ₹50. This has come as a relief," he said.
Neetu Thakur, a resident of Sector 20, bought onions at NCCF's Sector 4 office. "This will help people who are affected by the price of onions. However, they can at least improve the quality of the onions," said Thakur.
In August this year, NCCF also sold crates of tomatoes to people at subsidised rates when

उदवंतनगर में 25 रुपए किलो की दर से प्याज बेच रहा एनसीसीएफ

सिटी रिपोर्टर/उदवंतनगर
खुदरा बाजार में बढ़ती प्याज की कीमत ने आजकल लोगों को परेशान कर रखा है। इस बीच भारत सरकार को एन सी सी एफ ने सस्ते दर पर प्याज उपलब्ध करा कर लोगों को राहत पहुंचाने का काम शुरू किया है। एनसीसीएफ पैक्स के माध्यम से आम लोगों को सस्ती दर पर प्याज उपलब्ध कराना शुरू कर दिया है। जिससे प्याज की बढ़ती कीमतों के बीच जनता को कुछ हद तक राहत मिलेगी। पैक्स अध्यक्ष राजू कुमार ने बताया कि एन सी सी एफ 25 रुपये प्रति किलो की दर से प्याज उपलब्ध करा रहा है। जब तक बाजार में प्याज का दर सामान्य नहीं होगा, तब तक एनसीसीएफ पैक्स के माध्यम से एक दिन गैप कर दूसरे दिन मांग के अनुसार 30-40 क्विंटल प्याज उपलब्ध कराएगा। बिक्री के समय एनसीसीएफ का कर्मी मौजूद रहेंगे। उदवंतनगर पैक्स अध्यक्ष राजू सिंह ने बताया कि

प्याज की खरीदारी करते लोग।

प्रत्येक व्यक्ति को बिना किसी कागजात के 2 - 4 किलो प्याज 25 रुपये प्रति किलो की दर से उपलब्ध कराया जा रहा है। रविवार के दिन 40 क्विंटल के करीब प्याज सस्ते दाम पर लोगों के बीच दिया गया। दो से 3 घण्टे में सस्ते प्याज का स्टॉक खत्म हो गया। जानकारी पाते ही उदवंतनगर के लोग पहुंचे व कतारबद्ध हो प्याज का खरीदारी किए।
